Re: **Request for Further Definition**
19,000' Tuscaloosa Zone, Reservoir J
Morganza Field
Pointe Coupee Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **ENERGY PRODUCTION CORPORATION** for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters related to the **19,000' Tuscaloosa Zone, Reservoir J**, in the **Morganza Field**, Pointe Coupee Parish, Louisiana, for which rules and regulations were adopted and a single drilling and producing unit was created by Office of Conservation Order No.1102-B-14, effective January 4, 2006, as amended by Correction to Office of Conservation Order No. 1102-B-14, dated March 30, 2006, to-wit:

1. To further define the 19,000' Tuscaloosa Zone, Reservoir J, as being that certain gas and condensate bearing zone encountered between the depths of 18,833 feet and 19,590 feet, electrical log measurements, in the Energy Production Corporation – Brown 58 No. 1 Well, located in Section 58 Township 4 South, Range 8 East, Pointe Coupee Parish, Louisiana;

2. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The 19,000' Tuscaloosa Zone in the Morganza Field, Pointe Coupee Parish, Louisiana, was previously defined in Office of Conservation Order No. 1102-B, effective September 19, 1995, was redefined in Order No. 1102-B-7, effective June 4, 2002, and is hereby further defined, insofar and only insofar as Reservoir J is concerned, as being that gas and condensate bearing zone encountered between the depths of 18,833 feet and 19,590 feet, electrical log measurements, in the Energy Production Corporation – D. C. Brown 58 No. 1 Well, located in Section 58, Township 4 South, Range 8 East, Pointe Coupee Parish, Louisiana.

The Applicant is seeking only to **further define** the 19,000' Tuscaloosa Zone in Reservoir J by confirming the correlative top and base of the existing definition in the Energy Production Corporation – D. C. Brown 58 No. 1 Well, which was recently drilled in the unit designated 19000 RJ SUA. **We are not seeking to change the existing definition or redefine the zone.** Since the Application does not seek to create or revise any unit, the ten (10) day notice procedure is being used.

Any pertinent data relating to the proposed application can be obtained AT THE COST OF THE REQUESTING PARTY from Frank Harrison, 200 Audubon Blvd., Lafayette, Louisiana, 70503, (337)232-4031.

There is attached hereto and made a part hereof a list of the names and addresses of the interested parties to whom this unitization proposal is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, there is enclosed our check in the sum of \$755.00 payable to the Office of Conservation, representing the required hearing application fee.

Yours very truly,

RANDALL C. SONGY
